## Differentiator

McFadden's founder and principal has been supporting government-contractor work relationships for over twenty five years as well as supporting leaders and teams within government, engineering, and contractor organizations. McFadden facilitators have a combined 42 years of experience helping construction teams achieve their safety, schedule, and budget goals on projects across the globe. We adapt our approach based on the uniqueness of the project and team for a completely customized partnering experience. We emphasize tangible results through solid working relationships built through clear expectations, and open communication. Our clients benefit by having successful projects, where they enjoy working with the team, and look forward to working together again in the future.
